CINCINNATI'S CHILDREN FOUND.

The Missing Babes Found in a Vacant Room Nearly Dead.

CINCINNATI, Jan. 19.—A mysterious disappearance of two children occurred here on Wednesday night last. They were Rachel Tri[illegible], aged 5, and Charles Phillips, aged [illegible]. Their parents live in the same building, No. [illegible] street, and the two children were inseparable playmates.

Shortly before noon Saturday the lost children were found in a second story room over Hart's shoe store, [illegible] street, four blocks, only two squares from their home. Mr. Hart said he had heard feet on the floor over his head, Friday, and crying of children. The rooms had been occupied by a colored family, which moved out a week ago. He supposed another family had moved in. Hearing the noise again Saturday morning he was about to go up and inquire when a young man from a restaurant came running in to say he saw two children's faces at the window that looked like the lost children.

The door was locked, but was kicked open. There lay the two little children on the floor, flat on their faces, with hands spread out and faintly moaning. "I want water," said the 8-year-old boy as soon as he saw kind faces near him. The little ones were almost frozen and were emaciated from their long fast, fright and exposure. Beneath the window the wall-paper was torn off, showing where they had tried to climb up to call for help.

The two children were taken to their homes and physicians summoned. It was then discovered that the little girl had been tampered with. The children are not able to give a detailed account of their imprisonment, only that they were shut up in the room by a boy on the night of their disappearance. The police and detectives are hard at work on the mysterious case and several people are suspected but as yet no arrests have been made.

TIMELY DISCOVERY.

Wholesale Jail Delivery Frustrated by a Watchful Sheriff.

WICHITA, Kan., Jan. 19.—A contemplated wholesale jail delivery of murderers, and probably murder itself, was discovered yesterday morning by the sheriff of Sedgwick county, and the conspirators within the jail and those who were assisting from the outside are now in the black hole. The sheriff [illegible] [illegible] early yesterday morning, [illegible] the scraping of a file. With the aid of the jailer he made a thorough search of the cells and the prisoners and [illegible] light keys and saws of all kinds and a big revolver, which was tied [illegible] to one of the murderer's groins. There were four prisoners in the cell with the tools were found, three murderers from Oklahoma and one man [illegible] penitentiary. The latter turned state's evidence and gave the names of those on the outside assisting in the proposed delivery and as a consequence W. [illegible], of Oklahoma City, and Pat Morris, of Arkansas City, both old jail birds, have been arrested and incarcerated. On one of them was found a letter from the jail giving a sketch of the interior, referring to the contemplated escape, and also stating that anyone barring the [illegible] of the prisoners, once they got out of their cell, would be shot down.

A BLACKSMITH'S CRIME.

He Shoots and Probably Fatally Injures His Wife.

CHICAGO, Jan. 19.—Thomas Buckly, a blacksmith, living at 497 North Halsted street, shot and probably fatally injured his wife at 2:30 this morning. Shortly afterward a policeman visited the Buckly home and found Buckly in bed, full clothed, and his wife sitting in a chair a short distance from the bed, apparently stupefied with drink.

Buckly sprang at the officer and attempted to seize him, but was knocked down and overpowered on the arrival of other officers. Mrs. Buckly was found with a bullet hole in her head and was removed to the county hospital, where slight hopes for recovery are given.

Another Indian Uprising.

WICHITA, Kan., Jan. 19.—News of serious trouble among the Indians at the Anadarko Indian agency, near the Kiowa reservation, reached here last night. The teachers of the Indian school there recently whipped a Kiowa pupil. The boy ran away, taking with him two companions. The parents of the children were notified, and after a ten days' search the frozen bodies of all three were found thirty miles from the agency. Some of the relatives of the boys promptly scalped the teacher, and several hundred Kiowas and [illegible] are now threatening to destroy the agency. Troops have been summoned from Fort Sill, I. T.

Tremendous Snow Storms Again Raging Over Europe.

GREATEST EVER EXPERIENCED.

An Extraordinary Fall in Algeria, Threatening a Village With Starvation—In Italy Naples Reports an Unprecedented Storm—Germany, Austria and Spain Also Visited—Other Cable News.

ALGIERS, Jan. 19.—It would seem that unless a miracle happens or the weather changes radically within a very short time, the inhabitants of Seblen, a small town in the Tlemcen district, in the Province of Oran, will starve to death. About a week ago information reached the city of Tlemcen to the effect that the inhabitants of Seblon were snowed up beyond escape, and that they were slowly starving to death.

Their stock of provisions had run out before the bearer of the alarming news reached Tlemcen, and it was said that the horses, mules and even few camels at Seblen were being killed for food. As in the majority of small Algerine towns, the inhabitants of Seblen depended almost entirely upon the regular or irregular convoys of provisions which reach them from the larger towns, and the stock kept on hand is always comparatively small.

When the news of the dangerous position in which the inhabitants of Seblon were placed reached the military authorities of Tlemcen, they immediately sent a quantity of provisions under the escort of a detachment of troops from the garrison of Tlemcen to the relief of the sufferers at Seblon. Unhappily the convoy, a day or so later, was snowed up in the Taiterney Pass, and it was some time before the authorities at Tlemcen became aware of the danger to which the convoy was exposed.

An additional force of troops was then sent out from Tlemcen with instructions to push on at all hazards to the relief of the snowed-up troops, and afterwards, if possible, to assist the convoy in pushing on to Seblon. The second detachment of troops managed to reach Talterney Pass, and on Jan. 15 it was announced that the convoy had been extricated from its perilous position, and that the road over which they were passing was then open to travel. This doubtless must have referred only to the route between Tlemcen and Taiterney Pass, for yesterday information was received here to the effect that the attempt to provision Seblon had failed; that the district was hopelessly snowed up, and that the troops were continuing their efforts to open up a line of communication with Seblon. Grave apprehensions are felt as to the eventual fate of the inhabitants of the snowed-up town.

The French African troops, accustomed to the burning heat of the African summer, and utterly unaccustomed to such severely cold winters as the one they are now experiencing, make but poor headway in fighting their way through the snow towards Seblon. The troops themselves are suffering terribly from the cold. Their clothing and camp equipment are unfitted for the bitterly cold work of practically digging mile upon mile through the snow. Then again the high winds which have been prevailing greatly hinder the work of the troops, piling huge heaps of drift-snow in places the soldiers have previously cleared. This greatly discourages the men. The troops also suffer from lack of fuel.

Heavy Snows in Germany and Austria.

BERLIN, Jan. 19.—Snow has again fallen in east Prussia, south Germany and Austria-Hungary. The severity of the frost and the wideness of the area affected are greater than ever before chronicled. Railroad traffic is greatly delayed. Over 1,000 men are employed in clearing the streets of Berlin. The tramway companies in Vienna employ 4,000 men to clear their tracks. The Austrian railways are partly blocked. Large stocks of provisions are snowbound, and the prices of food have consequently advanced.

Reports from Vienna say that railroad communication with Temesvar, in Hungary, has been stopped, owing to the great depth of the snow to the northward of that place. The ports of Lubeck and Rostock are again closed by the ice, and Kiel is shut in by drift-ice. At Hamburg the cold is intense, and the river is full of drift ice which is greatly increasing the difficulty of navigation. Bremerhaven is in a fair way. There is much drift-ice there, but it presents no obstacle to navigation.

IRISH AFFAIRS.

A Platform Gives Way at a Political Meeting.

DUBLIN, Jan. 19.—The little town called Mostrim, or Edgeworthstown, near Longford, Ireland, was the scene yesterday of a lively anti-Parnellite gathering. Timothy Healy and Arthur O'Connor were the principal speakers. Before the meeting was well begun the platform on which the speakers stood and which had been hastily improvised for the occasion gave way under their weight, and Healy, O'Connor and others got a tumble, Healy being badly shaken. As soon as the confusion was over Healy proceeded with his speech.

Landlordism Victorious.

DUBLIN, Jan. 19.—The news from New Tipperary is far from encouraging. Those who entered into the fight against landlordism may be said to have surrendered after being unmercifully beaten by the enemy. The completeness of the victory gained by the landlordism may be judged from the fact that all the stores in New Tipperary and all the stalls in the former business thoroughfare, known as O'Brien's Arcade, with the exception of three, are either permanently closed or in the hands of the bailiffs, the latter having seized them for debt.

O'Brien Is Coming Back.

DUBLIN, Jan. 19.—It is announced in this city that in the event of John Dillon being selected as the new leader of the Irish parliamentary party, William O'Brien will almost immediately afterward return to the United States and resume the work which was interrupted by the recent complications in Irish affairs.

Minister Reid at Athens.

PARIS, Jan. 19.—Mr. Reid, the United States minister is now at Athens on his way back to Paris, having in particular, thoroughly enjoyed his trip up the river Nile. Mr. Reid hopes to be back in this city in time to be present at the approaching dinner of the corps in the Diplomatique which will take place on Jan 21.

Strikers Returning to Work.

GLASGOW, Jan. 19.—The men who had gone to work on the Southwestern line, have refused to rejoin the strike notwithstanding the solicitations of those still out. This has caused many others to lose heart and return to work.

Hundreds of Prisoners Released.

CONSTANTINOPLE, Jan. 19.—The sultan has granted a complete amnesty to all the Americans accused of political offenses. This liberates hundreds of prisoners in Constantinople alone.

COMPETITION IN PIG IRON.

Real Cause of the Shut Down in Shenango and Mahoning Valleys.

PITTSBURG, Jan. 19.—The big shut down of blast furnaces in the Shenango and Mahoning valleys, which took place on Jan. 10, is alleged to have been caused by high prices of coke and discrimination in freight rates by railroads. Neither of these, it is alleged by coke men and railroad officials had anything to do with the shut down. The real cause for the shut down is found, it is claimed, in the rapidly growing competition of southern pig iron against the product of all northern furnaces.

Within the last four months pig iron has fallen in price $4 per ton. Southern pig iron is at present being brought to the Mahoning valley and Pittsburg mills fifty cents cheaper than it can be sold by northern furnaces. In some cases the difference is still greater. It is argued that southern iron cannot be brought to Pittsburg at a marketable price. Nevertheless, southern pig iron is being shipped by river and rail in increasing quantities.

It is stated that should the valley furnace men be furnished coke free of charge they would still be unable to produce pig iron and compete successfully with the Alabama and Tennessee furnaces. The present shut-down in the valley will prove whether the southern pig iron men have been selling cheaply merely to get a foothold in the market or whether they are in reality able to produce pig at the figures they quote.

COLORADO LEGISLATURE.

Critical State of Affairs Effecting a United States Senator.

DENVER, Jan. 19.—The legislature will make a new attempt to meet to-day. It is said now that Speaker Hanna will have three of the Democratic faction arrested and forcibly carried into the assembly building to make the desired quorum. This will be resisted by the Democrats to the bitter end. If it is attempted blood will surely flow.

The greatest interest is now centered on the probable course to be pursued on Tuesday, when a United States senator will be chosen. The law requires that both branches of the legislature shall meet on the day and ballot for senator. Under the existing chaos the lower house has two bitter factions and two speakers. Neither side will submit, and unless a compromise is perfected it will invalidate the law governing the balloting for United States senator.

A BUILDING BADLY WRECKED.

An Explosion of Gas in the Cellar of a Findlay Hotel Killed One Person and Seriously Injures a Number of Others. Other Happenings in the State.

FINDLAY, O., Jan. 19.—At 12:30 Sunday an explosion of gas, which had collected in an old cistern under the dining room of the Marvin hotel, the finest in Findlay, wrecked the rear wing of the building, killing one person, seriously injuring several others and causing a damage to the property of $25,000; $10,000 on the furniture and $15,000 on the building, which is fully covered by insurance.

The dead are:

Kittie Walters, dining-room girl, aged 19, instantly killed.

Ella Johnson, waitress, fatally burned; died shortly after being removed to a place of safety.

The injured are:

Katie Rooney, dining-room girl, seriously burned about the face and one eye entirely destroyed. She cannot possibly recover.

Carrie McGraff, cut and badly burned.

Frank Pommistone, clerk, severely burned.

Anson B. Marvin, owner of the building, who, with the plumbers, was under the dining-room floor when the explosion occurred, was probably fatally injured, as he inhaled the flame from the gas.

Frank Andrews, one of the proprietors, right eye knocked out and seriously burned about the face and throat.

Charles Graves, Philip Weil and Jack Cahill, all plumbers, were shocked and stunned but not badly injured.

The gas had been leaking for several days but an attempt to find the leak proved unsuccessful. The parties hurt were all in the room and two plumbers were under the floor looking for the escape. A few minutes before the explosion the natural gas burner in the dining room stove was lighted and it is supposed the escaping gas ignited therefrom. The unfortunate victims were blown about the room in profusion, two or three going clear through the windows to the middle of the street. The floor of the entire dining-room was razed and the plastering broken from the walls and ceiling. Every pane of glass in the building was broken and the four story building is badly wrecked.

The explosion took place just five minutes before the call for dinner would have been made, otherwise the room would have been filled and the loss of life would have been appalling. The proprietors of the hotel, Mr. Frank Andrews and brother, of Bradford, Pa., had been in charge of the Marvin house only since Jan. 1.

At 8 o'clock last night another explosion occurred in the same place as the one of the afternoon, setting fire to the already wrecked and badly demolished dining room of the Marvin house. The fire department was quickly summoned however, and more serious damage was averted. The gas from the main pipe has finally been turned off.

Fatally Crushed by an Elevator.

CLEVELAND, O., Jan. 19.—Joseph Anderson, 15-year-old boy, met with a distressing accident Saturday, which will doubtless cause his death. He was riding in an elevator when his foot was caught. Before the car could be stopped his entire leg up to the knee was crushed to a pulp. It was impossible to release the sufferer, without cutting away a part of the floor. The boy was conscious all the time, and his sufferings were terrible to witness. The leg had to be amputated and his spine was badly hurt.

A Nobleman Dies at Urbana.

URBANA, O., Jan. 19.—Coroner Imhoff held an inquest on the body of G. Santos, who died here suddenly Saturday and gave heart disease as the cause of his death. Additional features reveal the deceased to be a nobleman. His name is Baron "Firreirra De Santos," aged 60 years. He was minister from Portugal to this country in 1851, and later served seven years as a member of the Portugal legation to England. Cable advices from his brother at Lisbon, instructs to hold the body.

Burglars Captured.

SPRINGFIELD, O., Jan. 19.—Hoffman & Fisher's jewelry store in the arcade, was robbed of a large quantity of jewelry. The thieves got in through the back window. They were captured yesterday and proved to be Walter Burbank and Nick Gaffney, two well known local toughs. The swag was captured in the thieves' pockets.

Smallpox at Urbana.

URBANA, O., Jan. 19.—A case of smallpox has been discovered east of Urbana. The afflicted person, Jacob Kunkel, came here from Louisiana two weeks ago by way of Cincinnati. Physicians were called to see him, and on Saturday he was so well marked that there was no doubt of it being a genuine case of smallpox.

Bridge Carpenter Killed.

BLANCHESTER, O., Jan. 19.—Christopher Andling, aged 40, a Baltimore and Ohio Southwestern bridge carpenter, was killed by cars here Saturday night. He has a wife and two children at Chillicothe. The remains were taken to Chillicothe.

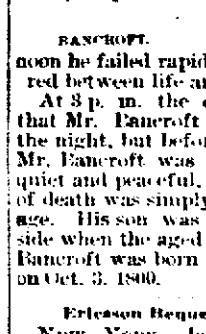
DEATH OF GEORGE BANCROFT.

The Venerable Historian Goes to His Last Home.

WASHINGTON, Jan. 19.—George Bancroft, the venerable historian, died at his home in this city at 3 o'clock Saturday afternoon. He had been sick only two days, and was on the streets but three days ago. On Thursday he took to his bed as a matter of precaution, but was taken seriously ill Friday. From that time until Saturday afternoon he failed rapidly and all day hovered between life and death.



BANCROFT.

At 3 p. m. the doctor left, thinking that Mr. Bancroft would live through the night, but before the hour was up Mr. Bancroft was dead. His end was quiet and peaceful, and the first cause of death was simply the weakness of old age. His son was present at the bedside when the aged historian died. Mr. Bancroft was born in Worcester, Mass., on Oct. 3, 1800.

Ericsson Bequeathed Too Much.

NEW YORK, Jan. 19.—Judge Ingraham in the supreme court was Friday asked to put a judicial construction upon the will of Capt. John Ericsson, the great inventor. In the will specific bequests amounting to $125,000 were made, and it is found that the testator's estate only amounted to $80,000. The executors want to know if all the bequests are invalid or not. The decision was reserved.

Grief Caused Him to Suicide.

NEW YORK, Jan. 19.—Col. Alphonse Thouret, who, during the war commanded the Fifty-fifth regiment of infantry, New York volunteers, blew his brains out at his home in Hoboken, N. J. He has been despondent since his wife died, six years ago, and has frequently threatened to kill himself. He was 72 years old.

Law and Order League Gives Up.

SIOUX CITY, Iowa, Jan. 19.—The officers of the law and order league state that that organization will cease for the present its efforts to enforce the prohibition law. They say it is a hopeless work when the city and county authorities oppose them, and their funds are exhausted.

Killed by a Freight Train.

JOHNSTOWN, Pa., Jan. 19.—Two men, Lawrence Kisk, and an unknown companion, were struck by a train at the stone bridge yesterday and killed. A freight train prevented their hearing the approaching train.

FIRE BUGS AT WORK.

An Attempt Made to Burn the Town of Covington, Nebraska.

SIOUX CITY, Iowa, Jan. 19.—Great excitement is caused by two attempts made Saturday night to fire the town of Covington, Neb., across the Missouri river from here. Five buildings were fired of nine prepared, all of them being dives communicating with other buildings chiefly wooden, and in each case auger holes had been bored through the sidings and oil poured in.

Preparations had been made to destroy the pontoon bridge to cut off assistance from here, and it was at first believed to be the work of vigilantes to destroy and rid the place of bad resorts and tough characters. But yesterday afternoon Bob Satter, alias "Beefsteak Bob," a notorious character, was arrested on strong circumstantial evidence. Covington was patrolled by sixteen special police armed with Winchester rifles.

THE terrible Findlay explosion serves as a reminder of the great danger there is in natural gas. In itself it is not more dangerous, perhaps, than many other of nature's elements that humanity brings into use, but the terrors of gas seem easily forgotten in being accustomed to it. The Findlay disaster is serious indeed, and it will be remembered a long while to rob the great commodity of its peaceful charm. Such accidents force the conclusion that gas is dangerous even though it is lasting.

IT won't do for the effete East to make fun of the wild and wooly West when there are such circumstances as caused Rev. E. A. Fordham, methodist minister at Cutter, Maine, to resign his pastorate. He says that he boarded himself, swept the church, made the fires and rang the bell, and that the people sat at him, whittled and ate peanuts in meeting time, fired pistols and threw stones at his house, came to church any time before the benediction, and laughed aloud during the services. These are the reasons which drove him to seek a more tranquil field of effort.

Chinese Music.

The musical art of a people who represent one-fifth of the earth's population ought to be studied, if not for the sake of esthetic pleasure, at least in the interest of scientific knowledge. Yet there is scarcely a department in the history or philosophy of music concerning which the information to be found in the books is so unsatisfactory as that of Chinese music. [illegible] the thoroughness and profundity of Amiot, after devoting many pages to an attempt to elucidate the Chinese theory, seems willing to believe the first traveler who sets down the modern practice of the art as nothing but crude, [illegible] barbarous Chinese music [illegible]

Even the little music which can be heard on any holiday in the Chinese quarter of New York will serve to disclose to a discriminating ear that it is nothing if not methodical. The difficulty with part of the Europeans has been that they have never come in contact with the Chinese and [illegible] have had to depend on the descriptions of travelers and missionaries [illegible] — H. COME WITH US.

Now we want all the world over to harness this word for good as others have harnessed it for evil, and it will draw the five continents and the seas between them; yea, it will draw the whole earth back to the God from which it has wandered. It is that wooing and persuasive word that will lead men to give up their sins. Was skepticism ever brought into love of the truth by an ebullition of hot words against infidelity? Was ever the blasphemer stopped in his oaths by denunciation of blasphemy? Was ever a drunkard weaned from his cups by the temperance lecturer's mimicry of staggering step and hiccough? No. It was, "Come with me to church today and hear our singing!" "Come and let me introduce you to a Christian man whom you will be sure to admire!" "Come with me into associations that are cheerful and good and inspiring!" "Come with me into joy such as you never before experienced."

With that word which has done so much for others I approach you today. Are you all right with God? "No," you say, "I think not; I am sometimes alarmed when I think of him; I fear I will not be ready to meet him in the last day; my heart is not right with God." Come, then, and have it made right. Through the Christ who died to save you, come! What is the use in waiting? The longer you wait the further off you are and the deeper you are down. Strike out for heaven! You remember that a few years ago a steamer called the Princess Alice, with a crowd of excursionists aboard, sank in the Thames, and there was an awful sacrifice of life. A boatman from the shore put out for the rescue, and he had a big boat, and he got it so full it would not hold another person, and as he laid hold of the oars to pull for the shore, leaving hundreds helpless and drowning, he cried out, "Oh, that I had a bigger boat!" Thank God, I am not thus limited, and that I can promise room for all in this gospel boat. Get in; get in! And yet there is room. Room in the heart of a pardoning God. Room in heaven.

THE STRUGGLE OF LIFE.

I also apply the word of my text to those who would like practical comfort. If any ever escape the struggle of life, I have not found them. They are not certainly among the prosperous classes. In most cases it was a struggle all the way up till they reached prosperity, and since they have reached those heights there have been perplexities, anxieties and crises which were almost enough to shatter the nerves and turn the brain. It would be hard to tell which have the biggest fight in this world—the prosperities or the adversities, the conspicuities or the obscurities. Just as soon as you have enough success to attract the attention of others, the envies and jealousies are let loose from their kennels. The greatest crime that you can commit in the estimation of others is to get on better than they do. They think your addition is their subtraction. Five hundred persons start for a certain goal of success; one reaches it, and the other four hundred and ninety-nine are mad. It would take volumes to hold the story of the wrongs, outrages and defamations that have come upon you as a result of your success. The warm sun of prosperity brings into life a swamp full of annoying insects.

On the other hand the unfortunate classes have their struggles for maintenance. To achieve a livelihood by one who had nothing to start with, and after a while for a family as well, and carry this on until children are reared and educated and fairly started in the world, and to do this amid all the rivalries of business, and the uncertainty of crops, and the fickleness of tariff legislation, with an occasional labor strike, and here and there a financial panic thrown in, is a mighty thing to do, and there are hundreds and thousands of such heroes and heroines who live unsung and dishonored. What we all need, whether up or down in life or half way between, is the infinite solace of the Christian religion. And so we employ the word "Come!" It will take all eternity to find out the number of business men who have been strengthened by the promises of God, and the people who have been fed by the ravens when other resources gave out, and the men and women who, going into this battle armed only with [illegible] or saw or ax or [illegible] or [illegible] shovel or [illegible] have [illegible] that [illegible] the heavenly [illegible] With all the [illegible] for every [illegible] in the [illegible]

A [illegible]

[illegible] years ago [illegible]

the world may call coincidences but I call them almighty deliverances, and though you do not hear of them, they are occurring every hour of every day and in all parts of Christendom.

But the word "Come" applied to those who need solace will amount to nothing unless it be uttered by some one who has experienced that solace. That spreads the responsibility of giving this gospel call among a great many. Those who have lost property and been consoled by religion in that trial are the ones to invite those who have failed in business. Those who have lost their health and been consoled by religion are the ones to invite those who are in poor health. Those who have had bereavements and been consoled in those bereavements are the ones to sympathize with those who have lost father or mother or companion or child or friend. What multitudes of us are alive today, and in good health and buoyant in this journey of life, who would have been broken down or dead long ago but for the sustaining and cheering help of our holy religion! So we say "Come!" The well is not dry. The buckets are not empty. The supply is not exhausted. There is just as much mercy and condolence and soothing power in God as before the first grave was dug, or the first tear started, or the first heart broken, or the first accident happened, or the first fortune vanished. Those of us who have felt the consolatory power of religion have a right to speak out of our own experiences and say "Come!"

HOW TO COME.

What dismal work of condolence the world makes when it attempts to condole! The plaster they spread does not stick. The broken bones under their bandage do not knit. A farmer was lost in the snow storm on a prairie of the far west. Night coming on, and after he was almost frantic from not knowing which way to go, his sleigh struck the rut of another sleigh, and he said, "I will follow this rut, and it will take me out to safety." He hastened on until he heard the bells of the preceding horses, but, coming up, he found that that man was also lost, and, as is the tendency of those who are thus [illegible] in the forest or on the moors, they were both moving in a circle, and the runner of the one lost sleigh was following the runner of the other lost sleigh round and round. At last it occurred to them to look at the north star, which was peering through the night, and by the direction of that star they got home again. Those who follow the advice of this world in time of perplexity are in a fearful round; for it is one bewildered soul following another bewildered soul, and only those who have in such time got their eye on the morning star of our Christian faith can find their way out, or be strong enough to lead others with an all persuasive invitation.

"But," says some one, "you Christian people keep telling us to 'come,' yet you do not tell us how to come." That charge shall not be true on this occasion. Come believing! Come repenting! Come praying! After all that God has been doing for six thousand years, some time through patriarchs and sometimes through prophets, and at last through the culmination of all tragedies on Golgotha, can any one think that God will not welcome your coming? Will a father at vast outlay construct a mansion for his son, and lay out parks white with statues and green with foliage, and all a sparkle with fountains, and then not allow his son to live in the house or walk in the parks? Has God built this house of gospel mercy, and will he then refuse entrance to his children? Will a government at great expense build life saving stations all along the coast, and boats that can hover unhurt like a petrel over the wildest surge, and then when the lifeboat has reached the wreck of a ship in the offing not allow the drowning to seize the lifeline or take the boat for the shore in safety? Shall God provide at the cost of his only son's assassination escape for a sinking world, and then turn a deaf ear to the cry that comes up from the breakers?

THEN YOU HAVE PASSED FROM DEATH TO LIFE.

"But," you say, "there are so many things I have to believe and so many things in the shape of a creed that I have to adopt, that I am kept back." No, no! You need not believe but two things—namely, that Jesus Christ came into the world to save sinners, and that you are one of them. "But," you say, "I do believe both of these things!" Do you really believe them with all your heart? "Yes." Why, then you have passed from death into life. Why, then you are a son or daughter of the Lord Almighty. Why, [illegible] an heir or an heiress of [illegible] that will declare divi[illegible] after the [illegible] Prince [illegible] and tak[illegible] of the Lord [illegible] your [illegible] Your [illegible] you not go [illegible] feet hard [illegible] the [illegible]

[illegible] one in[illegible] the right [illegible] of the [illegible] Man [illegible] all the [illegible] with you [illegible] peace [illegible] expect[illegible] the pearl [illegible] at your [illegible] indolent or too proud to stoop down and pick it up!

Will you wear the chain of evil habit when near by you is the hammer that could with one stroke snap the shackle. Will you stay in the prison of sin when here is a gospel key that could unlock your incarceration? No, no! As the one word "Come" has sometimes brought many souls to Christ, I will try the experiment of piling up into a mountain and then sending down in an avalanche of power many of these gospel "Comes." "Come thou and all thy house into the ark!" "Come unto me all ye who labor and are heavy laden and I will give you rest!" "Come, for all things are now ready!" "The Spirit and the Bride say 'Come;' and let him that heareth say 'Come' and let him that is athirst come."

The stroke of one bell in a tower may be sweet, but a score of bells well tuned, and rightly lifted, and skillfully swung in one great chime till the heavens with music almost celestial. And no one who has heard the mighty chimes in the towers of Amsterdam or Ghent or Copenhagen can forget them. Now it seems to me that in this Sabbath hour all heaven is chiming, and the voices of departed friends and kindred ring down the sky saying "Come!" The angels who never fell, bending from sapphire thrones, are chanting "Come!" Yea, all the towers of heaven, tower of martyrs, tower of prophets, tower of apostles, tower of evangelists, tower of the temple of the Lord God and the Lamb, are chiming "Come, come!" Pardon for all, and peace for all, and heaven for all who will come.

PEACE!

When Russia was in one of her great wars the suffering of the soldiers had been long and bitter, and they were waiting for the end of the strife. One day a messenger in great excitement ran among the tents of the army shouting "Peace! Peace!" The sentinel on guard asked, "Who says peace?" And the sick soldier turned on his hospital mattress and asked, "Who says peace?" and all up and down the encampment of the Russians went the question, "Who says peace?" Then the messenger responded, "The czar says peace." That was enough. That meant going home. That meant the war was over. No more wounds and no more long marches.

So today, as one of the Lord's messengers, I move through these great encampments of souls and cry: "Peace between earth and heaven! Peace between God and man! Peace between your repenting soul and a pardoning Lord!" If you ask me, "Who says peace?" I answer, "Christ our King declares it." "My peace I give unto you!" "Peace of God that passeth all understanding!" Everlasting peace!

A Military Road in the West.

A military road was constructed by the United States government to connect the military posts of the far west with one another. Beginning at Fort Leavenworth, on the Missouri river, it passed through Fort Riley at the junction of the forks of the Kaw, and then, still keeping up the north side of the Republican fork, went on to Fort Kearny, still farther west, then to Fort Laramie, which in those days was so far on the frontier of our country that few people ever saw it except military men and the emigrants to California. At the time of which I am writing there had been a very heavy emigration to California, and companies of emigrants, bound to the golden land, still occasionally passed along the great military road.

Interlacing this highway were innumerable trails and wagon tracks, the traces of the great migration to the Eldorado of the Pacific; and here and there were the narrow trails made by Indians on their hunting expeditions and warlike excursions. Roads, such as our emigrants had been accustomed to in Illinois, there were none. First came the faint traces of human feet and of unshod horses and ponies; then the well defined trail of hunters, trappers and Indians; then the wagon track of the military trains, which in course of time were smoothed and formed into the military road kept in repair by the United States government.—Noah Brooks in St. Nicholas.

A Proposed Railway Revolution.

The ideal construction for a railway absolutely to avoid derailment would seem to be tubular, with the cars inside; but as tunnels are decidedly unpopular we must confine our cars by devices placed entirely below the windows. Fortunately the modern methods of bridge truss design lend themselves readily to a trough like construction of considerable depth, with under cut sides that will confine the wheels, or some other projecting part of a car running in the trough, so that it cannot escape in any direction. This, too, can be done without much extra material beyond that required for the depth and consequently strength of the trusses them[illegible] Such construction is obviously unfitted for crossing any other kind of roadway at grade, and therefore must, in many situations, be [illegible] upon [illegible] or arcades.—Oberlin Smith in [illegible]

The Real Colors of Metals.

We do not always see objects precisely in their natural colors; the white light which falls upon them is composed of the seven tints of the solar spectrum (or rainbow), and when a body reflects yellow light, for instance, it absorbs all the other colors, but this absorption is never complete in a first reflection, so that the light reflected from a metallic surface is mixed to a certain extent with undecomposed white light. In order to see the precise color of a metal, the light of the sun must be reflected from it to a second surface of the same metal, and from this second piece to a third and so on, until we obtain a tint which does not change by further reflections. In this experiment the undecomposed white light is all absorbed, and the true color of the metal is seen. In this manner gold is seen to be of a brilliant orange color; copper, nearly carmine red; tin, pale yellow; silver, white; lead, blue, etc.—Chambers' Journal.

The Word Puzzled Him.

There are some good Scotch anecdotes which will bear telling. One is that of a careful mother who had a smattering of higher talk gained from association with "the quality."

"Ye maun gang to the minister and tell him to come hap'ize the bairn, but mind, John, that ye dinna say bairn—say infant."

Her better half pondered the word, and when he had committed it to memory he had reached the minister's house. As soon as he saw the reverend parson he began his message.

Startling Facts.

The American people are rapidly becoming a race of nervous wrecks, and the following suggests the best remedy: Alphonso Hempfling, of Butler, Pa., swears that when his son was speechless from St. Vitus dance Dr. Miles' great Restorative Nervine cured him. Mrs. J. R. Miller, of Valparaiso, and J. D. Taylor, of Logansport, Ind., each gained 20 pounds from taking it. Mrs. H. A. Gardner, of Vistula, Ind., was cured of 40 to 50 convulsions a day, and much headache, dizziness, backache and nervous prostration by one bottle. Trial bottles, and the book of marvelous cures, free at Denison & Co. and Hoberman & Co. who recommends and guarantees this unequaled remedy.

Scarlet Fever.

Darbys Prophylactic Fluid is unequalled in the treatment of Scarlet Fever. Used as a gargle it prevents the throat from becoming diphtheritic, allays the inflammation and subdues the pain. Used to sponge the body it allays the itching inflammation of the skin and destroys infection.

Exposed in the sick-room it will prevent the spread of contagion, and keep the atmosphere wholesome.

A Novel Sign.

An enterprising trunk maker has made a very striking application of electricity for the advertisement of his wares. In the front of his store he has erected a pedestal of polished brass, surmounted by a framework, representing the usual trimmings of an ordinary trunk. Inside this framework is placed a trunk of beveled French plate glass, which is illumined in the evening by electric light, and which constitutes an unique method of advertising. The main part of the sign is spiral in design, and is of solid brass, excepting a small hole through the center to pass electric wires through, and on the base of the structure is conspicuously inscribed the name of the firm.—New York Commercial Advertiser.

The Pulpit and the Stage.

Rev. F. M. Shrout, pastor United Brethren church, Blue Mound, Kas., says: "I feel it my duty to tell what wonders Dr. King's New Discovery has done for me. My lungs were badly diseased, and my parishioners thought I could live only a few weeks. I took five bottles of Dr. King's New Discovery and am sound and well, gaining 26 pounds in weight."

Arthur Love, manager Love's Funny Folks Combination, writes: "After a thorough trial and convincing evidence, I am confident Dr. King's New Discovery for consumption, beats 'em all, and cures when everything else fails. The greatest kindness I can do my many thousand friends is to urge them to try it." Free trial bottles at Flocken's Drug Store. Regular sizes 50 cents and $1.00.

Sudden Deaths.

Heart disease is by far the most frequent cause of sudden death, which in three out of four cases is unsuspected. The symptoms are not generally understood. These are: a habit of lying on the right side, short breath, pain or distress in side, back or shoulder, irregular pulse, asthma, weak and hungry spells, wind in stomach, swelling of ankles or dropsy, oppression, dry cough and smothering. Dr. Miles illustrated book on heart disease at Denison & Co. and Hoberman & Co. who sell and guarantee Dr. Miles' unequaled New Heart Cure, and his Restorative Nervine, which cures nervousness, headache, sleeplessness, effects of drinking, etc. It contains no opiates.

Indian Trouble Over.

PINE RIDGE AGENCY, S. Dak., Jan. 19.—There was a big council held in the Indian camp Saturday afternoon. The Brules and Ogallalas were represented by their chief orators who spoke in a pacific way about the adjustment of their grievances. The Brules still hold out for their transfer to Pine Ridge, claiming they had been robbed and impoverished at the Rosebud agency. Capt. Pierce, the new agent at the agency has requested that the military be withdrawn. The situation is still critical, but Gen. Miles thinks there will be no further trouble.

Pronounced Hopeless, Yet Saved.

From a letter written by Mrs. Ada E. Hurd, of Groton, S. D., we quote: "Was taken with a bad cold, which settled on my lungs, cough set in and finally terminated in consumption. Four doctors gave me up, saying I could live but a short time. I gave myself up to my Savior, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for Consumption, Coughs and Colds. I gave it a trial, took in all eight bottles; it has cured me and thank God I am now a well and hearty woman." Free trial bottles at Flocken's drug store, regular size, 50c and $1.00.
